

PUSUN

智能体育设备开拓者

深圳市普尚智能体育有限公司

Shenzhen Pusun Intelligent Sports Co., Ltd

ABOUT US

公司简介

深圳市普尚智能体育有限公司成立于2017年，是一家集研发、生产、销售和服务于一体的智慧体育高新科技企业，专注于智能体育设备软硬件平台及产品的研发生产。我们获得了ISO、CE、ROHS、RCM、3C等多项国际质量体系认证，为用户提供可靠的产品质量保证。

自公司创立之初，普尚体育就高度重视产品研发和创新。我们组建了一支综合性的研发团队，团队成员来自中国知名大学，拥有丰富的专业知识和创新思维。在产品结构设计、嵌入式开发、软件平台开发和APP开发等领域，团队累积了近20年的经验。这使我们能够迅速响应市场需求，为用户提供高质量的解决方案。

目前，我们的产品在国内外市场上赢得了良好的声誉和市场份额，获得了广大用户的认可和信赖。未来，普尚体育将持续以用户需求为中心，不断改进和创新产品，为用户提供更好的运动体验。

Shenzhen Pusun Intelligent Sports Co., Ltd. was founded in 2017 as a leading high-tech enterprise in the field of intelligent sports technology. Our company is engaged in the research, development, production, sales, and service of intelligent sports equipment, focusing on both hardware and software platforms for intelligent sports devices. We have obtained multiple international quality certifications, including ISO, CE, ROHS, RCM, 3C.

From the very beginning of our establishment, Pusun Sports has placed great emphasis on product research and innovation. We have established a comprehensive research and development team consisting of members from renowned universities in China. With profound expertise and innovative thinking, our team has nearly 20 years of experience in various domains, such as product structural design, embedded development, software platform creation, and APP development. This extensive experience enables us to swiftly respond to market demands and deliver high-quality solutions.

Currently, our products have garnered a positive reputation and market share both domestically and internationally. They have gained recognition and trust from a wide range of users. Looking ahead, Pusun Sports will always adhere to a user-centric approach, continuously improving and innovating our products to provide users with better sports experiences.

Tennis/PadelBall Machine

PT-9001 PRO

PT-9001 PRO

规格参数 Specification

Material	ABS and Metals
Color	Black/Red
Ball capacity	150+PCS
Power adapter	110V/220V
Product power	100W
Full battery life	7-10hours
Battery type	built-in /external lithium battery (option)
Battery capacity	DC25.6V10AH
Serve frequency	1.8-8s/Ball (depend on setting on APP)
Speed range	20-140km/h
Maximum serving distance	30M
Vertical angle adjustable	5-45 degrees
Product size	40*56*87cm
Net weight	23KG
Gross Weight	26.5KG
Carton size	64.5*49.5*58.5cm
Trolley	Aviation aluminum material with a maximum load capacity of 80kg
Function	<p>【Product Features】 Fixed point serve, variable depth serve, horizontal swing serve, vertical swing serve, two line serve, three line serve, cross serve, random serve, high lobs, topspin serve, backspin serve; variable-spped ball, self programming, AI programming, adjustable serve speed, adjustable ball feed frequency.</p> <p>【Product Highlights】 1.All functions can be adjusted by smart phone app(speed, frequency, angle, spin, etc.); 2.Intelligent programming with 35 landing points, self designed different modes of serve training; 3.One click selection of 26 fixed modes for serving; 4.Choose the location of the entire venue at will, suitable for training, teaching, and competition, etc; 5.Built-in large capacity imported lithium battery, real-time display of battery level, continuous use for 7-10 hours; 6.Infinite adjustment of vertical and horizontal angles, with the ability to set different shot depths; 7.Random ball function; 8.The exclusive 2.5 second various speed technology can serve the ball at different speeds to meet the needs of advanced training; 9.Support ball path memory function; 10. APP provides exclusive teaching videos for free.</p>
Warranty	For personal use, except for battery is 1 year warranty, other parts are 3 years warranty. For commercial use (at courts), 1.5 year warranty.

PT-MAX B (for training courts)

PT-MAX B(Dedicated for Ball Training Hall/Club)

规格参数 Specification	
Material	ABS and Metals
Color	Black/White
Ball capacity	120+PCS
Power adapter	110V/220V
Product power	80W
Battery type	Dedicated power adapter (optional battery)
Serve frequency	1.8-8s/Ball (depend on setting on APP)
Speed range	10-90km/h
Minimum serving distance	3M
Maximum serving distance	18M
Vertical angle adjustable	5-60 degrees
Horizontal angle adjustable	(-13)-(+13) degrees
Product size	37*48.6*66cm
Net weight	20KG
Gross Weight	24KG
Carton size	59*46*51cm
Function	<p>【Product Features】 Fixed point serve, variable depth serve, horizontal swing serve, vertical swing serve, variable depth serve, two-line serve, three-line serve, cross serve, random serve, high lobs, topspin serve, backspin serve; self-programming, adjustable serve speed, adjustable ball feed frequency.</p> <p>【Product Highlights】 1.All functions can be adjusted by smart phone app(speed, frequency, angle, spin, etc.); 2.Intelligent programming with 28 landing points, allowing custom serve training modes; 3.One-click selection of 26 fixed serve modes; 4.The customized App for ball courts is suitable for venues of various sizes. The App can be bound to the machine and the timing function can be enabled; 5.Come with 110-220V dedicated power adapter, directly power with socket; 6.Stepless adjustment of vertical and horizontal angles, with the ability to set different depths for ball placement; 7.Random ball function; 8.The exclusive 2.5 second various speed technology can serve the ball at different speeds to meet the needs of advanced training.</p>
Warranty	For personal use, except for battery is 1 year warranty, other parts are 3 years warranty. For commercial use (at courts), 1.5 year warranty.
